## New Parking Requirements and Restrictions

In a continued effort to play nicely with the community and surrounding entities, it has been requested that we make some modifications to the current parking methods at the School Drive Fields. Please follow these guidelines so we don't risk losing our privileges at the Village Fields.

1. Please drive around the block to park along the street. Do not use driveways to turn around any more.
2. Only park on the grass by the field, no longer in front of anyone's home.
3. In the picture, only park in the places marked with Blue.
4. Field side of the street only
5. Back row of the parking lot
6. All overflow parking must be done at the SportsPlex.

Thank you everyone for your help!

Lifestyle News

**Promptness!!!!** I understand that everyone runs into situations that make us late. It's parents that are routinely late that I'm asking to be more mindful of the kids. What are they learning when they can't show up to something on time or are always waiting after practices because parents can't be on time?. Think about how this inconveniences coaches and staff when they can't go on their own personal time because they are routinely waiting for parents to pick up their kids. Parents, please teach the kids that being on time for events and others is important and about how this affects others around them.

Facebook

I love seeing all the pictures of the kids on Facebook! Thank you parents for taking the time to share them. One day, I plan on building a mural of these pictures at the SportsPlex. I ask a favor. Would you please tag SouthJeff FC and/or SportsPlex in your comments? This would be a huge help in continuing the growth of our programs and to grow as a family and community! You all are wonderful!

Thank you as always for all your time and commitment to the kids and community! - **Coach Perry**
